

[0031] Although not shown as a step in the process illustrated by FIG. 1, in most cases labels 200 may be removed from the original documents at any time after the scanning step 130 has been completed. Preferably, however, label removal is delayed further until the interactive QC step 140 has been completed such that errors can be addressed while labels are still affixed to each of the document pages 300.

[0032] The foregoing disclosure of the preferred embodiments of the present invention has been presented for purposes of illustration and description. It is not intended to be exhaustive or to limit the invention to the precise forms disclosed. Many variations and modifications of the embodiments described herein will be apparent to one of ordinary skill in the art in light of the above disclosure. The scope of the invention is to be defined only by the claims, and by their equivalents.

[0033] What is claimed is:
